Summary

I'm Thembinkosi Sikosana, a second-year computer science student at Harare Institute of Technology. I bring a unique blend of skills and experiences to the table. In addition to my academic pursuits, I've gained valuable work experience in a retail environment, where I excelled as a cashier and took on the responsibility of managing company finances. My dedication to customer service and in-depth knowledge of store operations made me an asset on the sales floor, assisting customers in their clothing purchases. Beyond my professional background, I am a graduate of St George's Collge, demonstrating my commitment to education. I also have a passion for basketball and video games, which showcases my well-rounded interests and drive to excel in both academic and leisure pursuits. I am excited to leverage my academic knowledge, combined with my practical skills and diverse interests, to contribute positively to future opportunities and challenges. My journey as a computer science student has equipped me with problem-solving abilities and a strong foundation in technology, making me a valuable addition to any team or project.
